CLARK UPDATE JUNE 2005

Campus Outreach Soccer Glory! Summer Plans

Dear Friend,

The spring is a great season of evangelism in Japan as the college kids head back to their schools when they start in the beginning of April. Our campus ministry staff have been busy reaching out to entering freshmen, using a variety of interesting topics from beauty to rock-climbing as a means of gathering new friends with whom to share the gospel. They have also started forming discipleship groups with students and taking them out to share their faith.

Mizuno, one of our staff in Nagoya, was taking a turn

Staff and students are sharing the gospel so more may hear!

as a volunteer handing out flyers in the Aichi Expo fair. He happened to hand a flyer to another young man who was a 3rd year university student also volunteering in the fair. This student began asking Mizuno about his work, and Mizuno was able to share his

testimony with him. He was very interested and asked, "how can you believe in a God you can't see?" They are planning to meet again later.

Masayoshi and Yuko were out witnessing a week after they led one guy to Christ. Well, they led another guy to

ANDY'S GLORY DAYS!

Our oldest son Andy will be graduating on June 10th from Christian Academy in Japan.

Andy and the CAJ soccer team had a fantastic experience becoming the Far East league soccer champions in May. 10 international and US military schools from Japan, Guam, and Korea came to nearby Yokota Air Base for the week. CAJ's team broke the long-standing dominance of

Okinawa base schools and became the first soccer champions in CAJ's history.

Andy also was voted the outstanding goalie, providing tough defense throughout the tournament.

Congratulations Andy!

Christ! They got into the gospel with a student named Kajikawa, who said, "Oh, I've heard this before." He then explained that someone shared with him around Christmas time last year and he also received a Christmas CD, from another of our staff. As the Bible says, "one waters and another reaps."

One of our staff, Imai-san, reports: "Eyoshi (a freshman) and I were meeting for the first follow up appointment. While we talked about being sure of our salvation in Christ, he also mentioned he was really afraid to think of sharing these things with his friends, or of telling them that he has become a Christian. So on the second appointment I shared from the word with him about not being afraid. On the third appointment he had changed, and agreed to go out with me to see how I share the gospel. After meeting and sharing with one student, he decided to introduce me to one of his friends! The friend had many interested questions and Eyoshi was encouraged about what sharing his faith means."

Keep praying for the harvest! It is our great privilege to serve the national ministry and see Japanese staff doing the work, and making use of the tools we have prepared or renewed in Japanese.

SUMMER PLANS

We are hoping for some special times this summer - with you! We are going to be making a short summer trip to the US to see family and friends, catch up on some good discussions, share about Japan, get some shots and doctor visits, discover what the new fashions of America are, speak in churches, share our last time with Andy before he goes off to college! Lots to do, isn't there?

Our schedule:

- June 17 to June 29 in southern California,
- June 29 to July 1 in Denver, Colorado
- July 1 to July 11 in Dallas, Texas
- July 11 to Aug 2 in Pennsylvania and New Jersey
- Aug 2 to 16 in southern California

Then back to Japan until our planned furlough year beginning summer 2007.

We will have a cell phone in the US, but until we arrive and get a new chip for the phone we don't know what the number will be, so you can check for it on our website, www.steveclark.us as soon as we arrive.

As of this letter we are still looking for places to stay in California and Dallas. We will need cars in all our locations too, so if you have a car we could borrow for the times above, please let us know by email at stcinjapan@aol.com We really appreciate any help you can give.

We hope to share more with you as we meet up this summer!

*With all our love
and appreciation,
Steve, Rochelle, Andy, Ben,
Melissa and Josh*
