CLARK'S 25 YEAR CELEBRATION!

Steve with College guy

Rochelle with College women

Traveling by train everywhere

Meeting ESS clubs

Dear Friend,

What a wonderful and amazing adventure of faith this life has been! Time just keeps flying by—we have now been on staff with CCC for 25 years, almost all of that time in Japan.

We could have never done it without you! We really want you to share in our celebration! So I chose some of our **old pictures** to share with you.

For 25 years God has given us a passionate vision for reaching people with the gospel. We have given most of our lives so that Japanese may hear and believe in Jesus. Many have never heard of His power to change their lives because they are isolated by culture and language from those who would love to tell them the good news. We have been privileged to serve in many roles so that Japanese may believe in Christ and then take the lead in building spiritual movements in Japan.

Andy, Josh, Melissa and Ben

Now we have reached this significant turning point in our lives. We are **praying that the Lord would guide us to the next step.** We believe he will use us in the global harvest, serving here at the World Headquarters for the next several years.

Recently, we enjoyed having Japanese guests stay in our home who were visiting Orlando through a program of Japan CCC. We loved getting to speak with them in Japanese and they were quite happy to take a break from English as well!. We are thankful that God is continuing to give us **opportunities to reach out to the Japanese people!**

Thank you so much for your partnership with us in ministry for 25 years!

With love and thanks,
Steve, Rochelle, Andy, Ben,
Melissa and Josh
