GETTING THE LABORERS INTO THE HARVEST

Day by day God is building His Kingdom! We are so motivated to see God using us to get the messengers of His good news into the places where they can touch the world.

The staff we are preparing live all over the US and sometimes other countries. When there are training sessions for them we try to have some of our team meet them personally. In this recent batch pictured above are staff who will work providing post-graduate training for staff members, one who will serve in our global legal office, and a couple who will work in Romania with church networks.

SOMETIMES THEY JUST SHOW UP...

Our recruiting team handles a lot of inquiries from people wondering what kind of ministry they could be part of with CCC. Our recruiters seek to help them determine if there is a fit with CCC.

This past year some of those people decided to join staff and go overseas. We have a couple in process to go to Albania working with young people, a woman going to Slovakia, a teacher to work with missionary children in Budapest, and a woman going to Johannesburg to assist conference teams there.

We so appreciate your part! You are helping get more laborers into God's harvest!

GOD'S MIRACLES IN NEPAL

Here are a couple of reports from our CCC church movements in Nepal:

“By the grace of God recently two New Life Groups have formed among the Rana-tharu people through a JESUS Film showing. More than 45 people came to see the film and 11 accepted Christ as Savior. Follow up is going on among them and we are visiting their houses. One young boy attended the church, and afterward he requested we pray for his very sick mother. After two weeks of visits and prayer she was healed. The whole Orthodox Hindu family has attended the church and all have received Christ as their personal Savior and Lord.”

“As we were going for sharing and visiting with our disciples, on the way we met a person who was desperate. We started to share the gospel. We learned that he was about to commit suicide and was going to Karnali River to end his life because he was bound by an evil spirit and had some other terrible obstacles in his life so difficult that he wanted to die. After learning this we shared about Christ’s mercy for him and His great love. Immediately he received Christ as his personal Savior and Lord. Now he is attending our fellowship regularly. We thank God for His wonderful work.”

Thanks for praying for our family and those we are sending out. God is at work through them in amazing ways helping bring lost people to Himself and transforming them into life-long laborers for Christ! May His joy accompany your every day!

*With love and thanks,
Steve, Rochelle, Andy, Ben,
Melissa and Josh*

BEN'S JAW SURGERY

Our son Ben’s jaw surgery is at last set for May 10th. He will have a slice of his upper jaw removed, and 2 diagonal cuts on the sides of his lower jaw, a chin cut to shape the profile, and everything screwed back together!

Please pray for his surgery to go well and for his recovery time in May. We

will be close by for that time. Pray for opportunities to share about Christ with people involved at the hospital too.

We will need about \$8000 to cover the parts of the cost not covered by insurance. Any special gift to help with that at this time will be greatly appreciated! You can give online at www.ccci.org/give or write a check made to Campus Crusade and send it to our home address above. Thanks so much for your prayers and any funds you can give!
