

## SENDING STRATEGIC PEOPLE

Steve's team recently sent Bill and Julie Mumley back to Nairobi, Kenya.

International Leadership University  
(formerly Nairobi International School of Theology)

Bill and Julie Mumley have spent over 30 years in ministry in Nairobi, Kenya! They are teaching at the International Leadership University, helping train leaders from many African nations to know God and His Word better and to be equipped to shepherd their flocks of believers. Since 75% of Christians live in non-Western countries, the Mumleys fill a key role developing African Christian leaders to build Christian movements.

*In a recent newsletter, Bill wrote: "Julie and I continue to be amazed by the students that come to receive biblically based training in Theology, Leadership, Counseling and Education at ILU. We have Bishops, Pastors and Christian leaders from all over Africa, including Kenya, South Sudan, Ethiopia, Tanzania, Nigeria, and the Democratic Republic of Congo. The privilege is almost overwhelming; yet God's promises and faithfulness sustain us."*

We rejoice at being able to send strategic leaders like Bill and Julie where they are needed!

## ROCHELLE UPDATE

Rochelle is doing great! The chemo and testing are behind her. She is in full remission and has full health and energy again, running her usual full schedule. Praise the Lord!

One of her recent blood checks even had all the parts of her blood back in the normal range! In fact, she never did lose her hair during the treatment, and she came through really well.

Thanks so much for all of your prayers! We rejoice in God's grace to us!!!!

*With love and thanks,  
Steve, Rochelle and family*
