In just one month last year 3 million people came searching for God and answers to life's questions on everystudent.com, one of Cru's digital outreach sites. 65,000 of those visitors indicated that they heard and believed the gospel! This site is a great resource of articles that help people process many life questions they face, and I enjoy sharing them via Facebook and other social media. I'd encourage you to do so too!

Here is the story of one visitor and her interaction with the staff who leads it.

"Rachel became a Christian on EveryStudent.com. She wrote to share what her experience on the site had meant. Rachel had previously been engaged in Buddhism/Zen, Chakra, the occult, astrology....all trying to control her anxiety and negativity."

Marilyn Adamson, creator of EveryStudent.com, asked Rachel to write more of her testimony, hoping to share it on the website. Here is a portion of her story...

"I struggled with loneliness, depression, and anxiety. I dove into countless self-help articles on happiness, Buddhism/Zen, yoga, and dabbled in New Age and occult practices. I wanted to know, "What do I do with my life?!" I believed God existed, but replacing the name of God with "Universe" felt easier.

The last straw was when I paid nearly \$200 for an online healing program that PROMISED happiness. I was awaiting the live introductory seminar on my computer. A countdown began, and I heard in my heart, "You don't need this; turn off the computer." I closed the laptop within the last few seconds.

I came across EveryStudent.com through a Google search on Jesus. For the first time, I understood what Jesus was offering me. I prayed a prayer of salvation. After letting God in, He has been at work in every area of my life...I fell into worshipping the Universe, until I came to know the Creator of the Universe."

Upon learning that her story was live, Rachel responded, "My husband, who came to know Christ after me, has spread the gospel to his family abroad. They speak only Russian, and we shared your translated site with them. They have accepted Christ."

What impacts people's lives is something they naturally want to share with others.

### **Pray for Steve and Family**

Steve's vision and hormones have been steadily improving over the last several months since his surgery. The eyesight is clear again in the left eye and mostly clear in the right.

So it was a bit of a surprise after the most recent MRI to check on the remains of the pituitary tumor to hear from the doctor that the tumor seems to be reforming and could begin touching the optic nerve again. If it grows more it could mean another surgery to remove more of it.

We have 3 months till the next MRI to see if the Lord would bring further healing and stop any growth of the tumor. Please pray and ask Him for that! We will know more in August, or if anything changes in his eyesight between now and then.

Please also pray for our family. Steve's mom and dad recently moved to Nevada. We are trying to figure out the best ways to help them with present needs. Pray for wisdom for us about setting up visits and how the family can work together to help them.

Thank you so much for praying!

We hope you've been encouraged by these stories of how God is at work. It is such a privilege for us to serve this growing movement of God by helping get workers into the harvest around the world.

### **Summer Travels**

We are working out plans to visit with many of you as we have time this summer, and we look forward to seeing you on the east coast or in California.

At other times while we are at work here, Josh will be engaged in volunteering with VBS, attending his high school church camp and his high school's marching band camp.

God is good! May He bless you to be a blessing today!

*With love in Jesus,  
Steve and Rochelle*
