

Greetings from the Clark Family!

December 2018

Rochelle and I so appreciate the faith you show in God as you partner with us in this ministry! Your gifts and prayers enable us to build and develop Cru's global sending capacity, sending more US staff who help develop evangelistic strategies and movements worldwide.

This past year has been filled with special moments. Visits to Dallas, SoCal, NC & VA & DC, and Mesquite, NV to see friends and family and monuments and museums as well as beach time in Florida.

So thankful to have Rochelle's mom close, and to have spent good time this year with Steve's dad and mom in the summer, and again with mom and all the family after dad passed on to glory in October.

Steve has been learning part of his new work this year with an expanded role helping our Campus Ministry efforts to know and grow our staff team. As the Campus Ministry has reorganized our team of Mobilizers have worked with many new staff this year to accomplish our sending and recruiting efforts.

Rochelle has pursued both her coaching of new staff, seeing more reach full support and reporting to their assignment. The local work running a Cru Middle School club nearby has also brought God's word into the lives of middle school boys and girls as she works together with other parent volunteers.

May 2019 be a year full of special memories and great growth in faith and love for you and yours!

With love in Jesus,

*Steve and Rochelle Clark*
